

SELF DETERMINATION NEXT ISSUE TO COME BEFORE CONFERENCE

Paris, Jan. 31.—The next great issue to be settled is self determination, it developed today. Preliminary steps toward consummation of this vital principle were expected to be taken when the peace bureau resumed its session this afternoon.

The agreement reached yesterday regarding disposition of German colonies, does not apply to European territories—contrary to general belief, according to authoritative information. The reason is that these peoples are too far advanced in every way to permit outsiders to administer their affairs.

The Dalmatian question, it was pointed out, is still unsettled, although by accepting the principle involved in yesterday's colonial agreement, Italy abandoned the argument of "security" which was Australia's chief contention. Similar case include the Czechoslovaks claim to German territory, within and bordering Bohemia and France's desire for "more secure frontiers" along the west bank of the Rhine.

While it was frankly admitted in certain quarters today that the self determination issue perhaps will precipitate more bitter disagreements even than those which were settled yesterday a great step was taken toward fixing the principles of self determination when the ennobility of the armistice terms was practically conceded.

DEMOCRATS WANT REPUBLICANS TO GET DOWN TO BUSINESS

Columbus, Jan. 31.—Pointing out that in four weeks only two or three bills have been passed by both houses and that no real work has been done on important questions Democrats in the Ohio Legislature today were urging the Republican majority to "get down to business," and stop "marking time" on matters which they say aren't closely concerned with Ohio problems.

"Every time the legislature passes a resolution it costs the people of Ohio \$550," said Rep. Lustig, Cleveland. "We ought to stop fooling away our time on them."

"Most of our resolutions are directed to congress and congress never pays any attention to them."

In the house yesterday a resolution censuring Secretary Baker was referred to committee, where it is expected to die.

A resolution asking the peace conference to give home rule to Ireland was also referred to committee. The house however adopted a resolution asking the railroad administration not to raise freight rates on materials for public work.

The legislature will adjourn for the week end, late today.

BODIES ARE REMOVED FROM SALVAGED SHIP

Juneau, Alaska, Jan. 31.—Divers and salvage workers today hastened work of removal of bodies from the Princess Sophia, which grounded on the sandy bottom of the Lynn canal off the Alaskan coast Oct. 26, with the loss of many lives.

The boat was reported by marine diver Jacobson, as intact. He said it can be salvaged and denied earlier reports that it had broken up. Divers feared that life preservers, now holding many bodies near the roofs of staterooms and cabins may become waterlogged and allow the bodies to sink and drift through windows making their recovery impossible.

ITALY FOLLOWS THE LEAD OF BRITAIN

Washington, Jan. 31.—Following Great Britain's lead in barring certain American manufacturers from import, the high commissioner for Italy has announced restrictions upon the importation of leather and shoes into Italy, the war trade board said today.

"Imports of leather or of any kind of shoes from any foreign country and for account of private concerns" are prohibited by the order.

It is also announced that no authorization for the transportation of leather and shoes from country of origin will be given.

BREAD SUPPLY OF STRIKERS CUT OFF

Belfast, Jan. 31.—Bakers today threatened to cut off the bread supply of the strikers, who have practically paralyzed the business.

Extension of the electric workers' strike have cut off the hospitals' source of light.

CUT OUT ROUGH STUFF

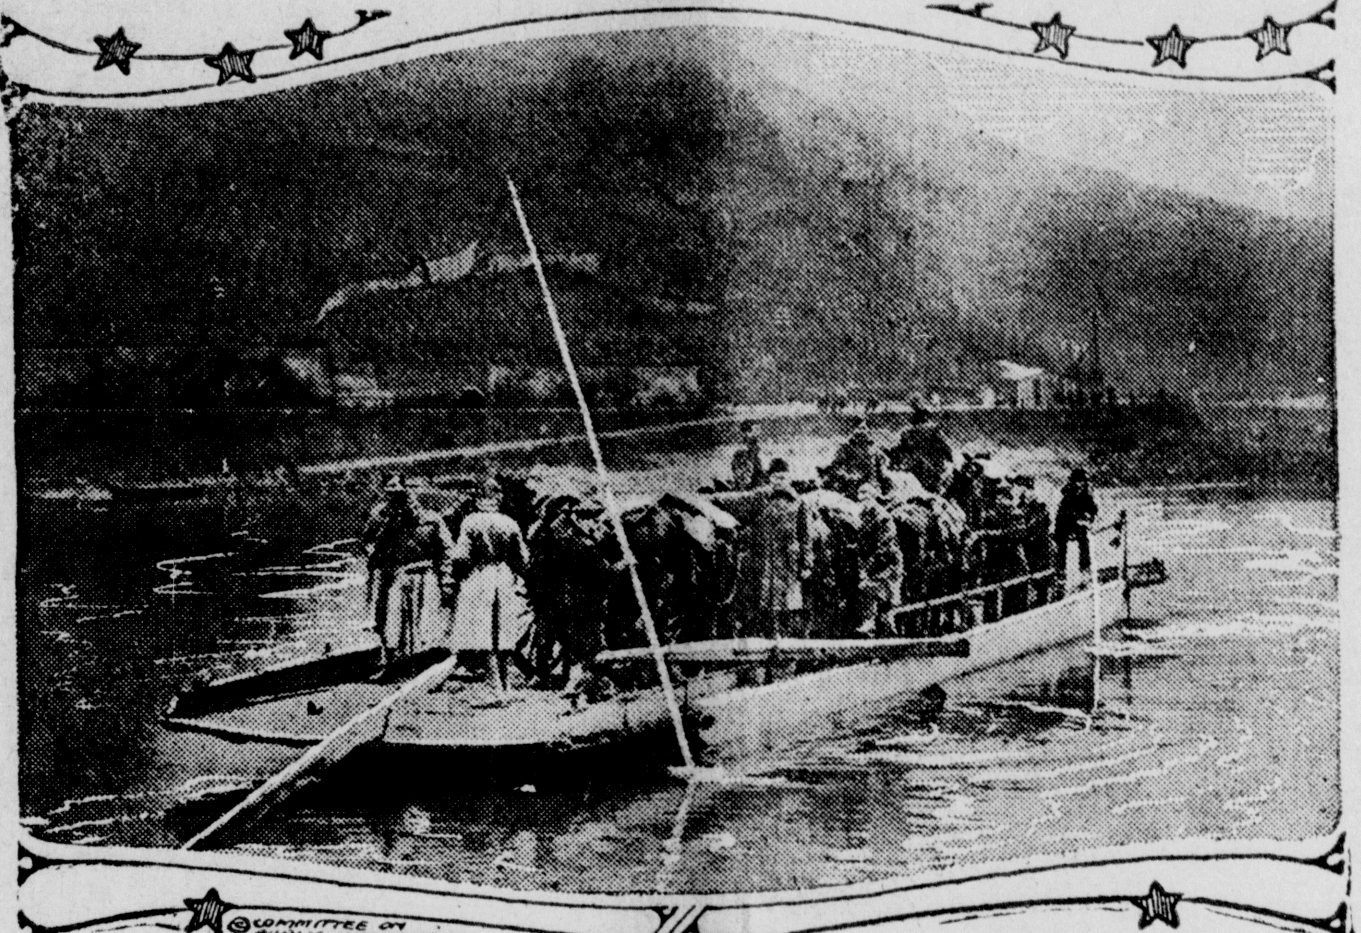

Columbus, Jan. 31.—The boys who hang around the depot at Hicks Corner will have to cut the rough stuff.

Why? Because the station agent is going to be a copper too.

Rep. West, Tuscarawas county, introduced a bill today delegating police powers to conductors and station agents.

"Too much rough stuff around the rural stations," West said.

"THE CROSSING"—1919 VERSION

American troops on ferry crossing Moselle river.

Four years ago the inhabitants along the Rhine never thought that the inspiration for the Lorelei would ever be "infested" with soldiers of "the contemptible American army." However, here is part of a regiment of field artillery (Battery F, Seventh field artillery, First division) ferrying the Moselle at Ruine Belfstein, in the course of their triumphant march to the Rhine.

BOLSHEVIST ELEMENT THREATENS TO OVERTHROW PRESENT LABOR SYSTEM

London, Jan. 31.—The bolshevist element, alleged to be responsible for the present general strikes in Great Britain and Ireland, may succeed in completely overthrowing the present labor system, British labor party officials declared today. They also expressed the fear that labor's share in National politics might be revolutionized.

"We believe the 'shop steward' system, which is similar to the soviet's beginning to dominate labor and may succeed in overthrowing regularly selected union and labor party officials," Dr. Marion Phillips, a labor party official, told the United Press.

"Many of the shop stewards and their followers engaged in the present strikes believed the workers should own the industries in which they labor. There is a strong possibility that the 'shop steward' system eventually will be infused into the present national labor organization."

"Whether it will be finally incorporated in or will entirely supplant the present system we do not know."

"The 'shop steward' represents all the workers in each individual plant, while the present union leaders represent specific trades in plants throughout the nation. As a result the 'shop stewards' believe they more fully represent their fellow workers than do the regular union officials."

FAMOUS ACTOR DIES IN NEW YORK

New York, Jan. 31.—Nat. C. Goodwin, famous actor died at his apartment in the hotel Claridge here early today from a complication of diseases. He had been ill only a few days.

Death resulted physicians said, from a general break-down which came after an operation in which his right eye was removed about a year ago. Miss Georgia Gardner was present. His housekeeper and Dr. Melvin E. Walk, who had been attending Goodwin were the only other persons in the apartment when the actor died.

Miss Gardner had been on tour with "Why Mary" and came to this city recently from Baltimore where the company had been playing.

Goodwin was 61 years old, born in Boston in 1857. He was married five times; his latest wife, Marjorie Moreland, announced her own third engagement only a few days ago.

Goodwin made his debut as an actor in Boston playing with Stuart Robson in "The Law in New York" in 1873. He played comedy parts until 1879 when he went into Shakespearean plays and took the part of the grave digger in Hamlet.

Goodwin's home was in Ocean Park, Cal., where he owned considerable property but he spent a good part of his time in New York.

Goodwin's reputation as an actor was second to his fame as a matrimonial man. His five marriages often were commented on by him and on one occasion he wrote:

"My first wife was an angel, my second a silly woman, my third a Roman senator, my fourth a pretty little thing, my fifth—all woman."

TOUCHING SERVICES ARE HELD THURSDAY FOR PHILLIP LAUGHEAD

Close to the spot where his boyhood was spent, where as child and youth, he romped and played, they laid Phillip Laughead, "Phil Lang," to rest Thursday afternoon.

There were funeral services held first in the home of his mother, the old residence of her father, Judge Barlow, on East Church street. It was here that only a month ago Phillip, his mother, Mrs. Amy B. Laughead, and his brother, William B. Laughead held their first reunion in a dozen years.

Friends of the family were there. Many who knew Phillip since he was a baby, and who grieved with the heartbroken mother in the death of her younger son, just when fame and fortune were holding out their arms to him.

The Rev. Thomas Cook, rector of St. Andrew's Episcopal church, Dayton, officiated at the beautiful but very simple funeral service. His remarks were very beautiful and very consoling, and he read two hymns, favorites of the young man's mother.

Prof. George J. Graham, former superintendent of the city schools, who was principal of Xenia high school when Phillip was a student there, gave a touching eulogy of the young man. He spoke at the request of the family, as one who knew the young man well. Tears came into the schoolman's eyes as he spoke, and there were tears in the eyes of his hearers. It was delivered without attempt at oratory, a simple little talk, but wonderfully beautiful and direct from the heart of the speaker.

Flowers were massed about the casket, fragrant testimonials of love and respect to the young man. They covered the grave in Woodland, where he was laid to rest in the Barlow family plot. Serving as pallbearers were young men he had known: W. C. Sutton, William T. Quarrells of Columbus; C. F. Ridenour, F. L. Spahr, Brant U. Bell and Morris Garrison.

Particulars of the death of Mr. Laughead were learned when his brother arrived home with the body. He died in his own apartment, after two days' illness, during which he was surrounded with all the care and comforts that could be given. The Green Room Club, of which he was a member, caused the funeral service to be held for him in New York, conducted by an Episcopal clergyman, and attended by the club members. The membership of this club consists of prominent theatrical motion picture and literary men of the metropolis. Mr. Laughead was on of its board of directors.

HADLEY CLAIMS HIS WIFE DIED OF FLU

Cincinnati, Jan. 31.—Another letter from Dr. Wilmer Amos Hadley, sought on a charge of killing his wife Mrs. Sue Tinsley Hadley, Cincinnati vocalist, whose body was found in the James river at Richmond, Va., is in possession of Richmond authorities, A. H. Evans, brother-in-law of the missing man, said today.

Evans and his wife, sister of the dead woman, have returned from Richmond, where they identified positively the body, which was taken from the water December 30, after the woman was missing several weeks. Mrs. Evans is ill at her home in the Navarre apartments, Walnut Hills.

The letter dated Jan. 23, was sent from Texas, but the mailing station was indistinct. Dr. Hadley is supposed to have gone to his hunting lodge in Mountains near the Mexican border. The letter received after the Evans' had gone to Richmond, reiterated Hadley's original letter that Mrs. Hadley had died suddenly of influenza while in Porto Rico and her body was buried there.

NEW ERA GRAIN CO. ELECTS OFFICERS

The newly organized New Era Grain Company, recently formulated at Bowersville and incorporated at \$15,000 held a stockholders' meeting and elected the Board of Directors and officers Wednesday evening.

James Hite was elected president and B. A. Pendry, vice president, and the following were named directors: Edward Peele, O. A. Bingham, John O'Bryant, D. B. Franklin, Albert Jack, S. H. Vanniman, W. F. Lewis, L. S. O'Dea was elected secretary and treasurer of the new organization.

The new company has been organized as a cooperative concern and expects to go into the grain business on an extensive scale. Plans are now being formulated for the purpose of constructing a large and modern elevator building. As soon as such an elevator is secured the company will employ a manager and immediately start operating.

The new company will locate its new elevator in the village of Bowersville.

SEVERAL INJURED IN STRIKE RIOTS

GLASGOW, Jan. 31.—Several persons were injured today in clashes between striking ship workers and the police. Batons were freely used when the police charged into the crowds.

The disturbances grew until mounted policemen were called and restored order. Many arrests were made.

MRS WILLIAM CRAIG DIES IN RICHMOND

Mrs. Effie Gaskill Craig, wife of William Craig, formerly a resident of Greene county, died at her home in Richmond, Ind., at 9:30 Thursday night of heart trouble, after about one year's illness.

Mrs. Craig was born in this county and lived here until about seven years ago. She was about 63 years of age. She is survived by her husband, four brothers and sisters: William T. Gaskill of Lafayette, Ind.; Arthur Clinton Gaskill of Winamac, Ind.; Mrs. Mary Mays of Frankfort, Ind. and Mrs. Tilton Craig of this county. The body will be brought here for burial, arriving at 11:30 Sunday morning. Funeral services will be held at 1 o'clock Sunday at the Methodist Episcopal church, New Burlington, and interment will be at Spring Valley.

PROMINENT MAN DEAD.

Paris, Ky., Jan. 31.—John T. Hinton, Sr., four times mayor of this city and representative of Bourbon county in the legislature three times, died today of heart trouble. Hinton had been ill for some time.

AMERICAN DIPLOMACY WINS THIRD STRAIGHT VICTORY AT PEACE TABLE

PARIS, Jan. 31.—American diplomacy today had won its third straight victory in the peace conference over reactionary opposition.

Official announcement that "satisfactory provisional agreements" had been reached regarding the disposition of German colonies and occupied territories in Turkey and Asia means that the associated powers have accepted President Wilson's program for placing all disputed areas under administration of the league of nations, with interested powers acting as trustees. It was American pressure that swung the allies into line on the Russian proposal and American influence that resulted in unanimous adoption of the league of nations principle after some of the European nations fought for retention of the old balance of power.

The victory was not without its scars, however, if the attitude of the Australian delegates, following the unfavorable decision regarding their colonial claims, is a criterion. It was no secret today that the Australians, while admitting that Wilson was working only for the realization of a vital principle, felt that the United States had failed to distinguish between measures that were essential to Australia's national safety and petty territorial ambitions. The president, during the course of a long conversation with Premier Hughes yesterday, reiterated that America appreciated Australia's economic and political claims regarding the former German colonies. Yet the president failed to concede an inch of ground on the main issue.

Referring to this conversation one Australian delegate said:

"I am convinced that if ours was the only case, President Wilson would have been with us."

The far reaching effect of the decision regarding Australia's specific claims may be judged by a statement Foreign Minister Sonnino of Italy, made to Hughes, following the latter's presentation of Australia's case.

"You have stated our case regarding Dalmatia exactly," said Sonnino.

TEMPEST IN A TEAPOT BREAKS OUT IN PARIS

Paris, Jan. 31.—The proverbial tempest in a teapot has arisen here today between the Serbs and the Italians over who beat the Austrians, and as to whom the Austro-Hungarian fleet belongs.

Italians claimed that Serbian "intellectuals" addressed a manifesto to French politicians and others, charging the Italians with persecuting Jugo-Slavs in occupied territory, forbidding wearing of the Jugo-Slav cockade, etc.; declaring the Austrian defeat on the Piave and the resultant collapse of the empire was due principally to the Jugo-Slav revolution and claiming the Austrian navy because it was largely built, paid for and managed by Jugo-Slavs, who revolted and seized it.

The Italian bureau of propaganda here issued a counter-manifesto. It declared that the charges of persecution are based solely upon the arrest of a Priest named Monahini, a notorious "Austrophile." The cockades, which at first were authorized, were later banned because they provoked disorders and made it possible for enemies of Italy to circulate freely through the occupied territories, as did the Austrian ace, Blenfield, according to the counter-manifesto. Blenfield, who led many night bombing raids on Venice, was able to walk freely through the streets of Trieste because he wore a Jugo-Slav cockade. It was charged.

The counter-manifesto continues with the statement that the downfall of the Austrian empire was due to the military efforts of Italy, Serbia and Russia, the allied hunger blockade and, finally, to the Italian victory on the Piave.

ANOTHER GRAIN CO. IS ORGANIZED

A number of prominent farmers and business men of Jefferson township have organized a company to be known as the Bowersville Elevator Company.

This company has purchased the elevator of The Xenia Grain Company, and the D. L. Earley Elevator, both situated at Bowersville, and has retained D. L. Earley as general manager. The business will be started at an early date.

PERSHING FORCES HAND OF BAKER

Washington, Jan. 31.—General Pershing today has forced the hand of the war department as to promotions overseas. Because he believed many promotions ought to be made, Pershing recommended that Secretary Baker modify his rule, made directly after the armistice, against further promotions.

War department authorities expect that Pershing will be liberal with the promotions.

BUYS INTEREST OF HIS PARTNER

J. E. Kohl, who has been in partnership with C. E. Bowman in the Xenia Vulcanizing Company, has purchased the interest of his partner and now owns the entire business. The deal was completed Thursday.

Mr. Bowman is in business in Dayton and wished to withdraw his interest in the local concern in order to devote all his time to his Dayton business. Mr. Kohl plans to extend the business and will add Diamond and Goodrich models. The new proprietor came here from Kentucky and has been successful in his business here. He is married and has established a home in this city.

David G. Rountree has sent an excellent picture of himself to his home in this city. The picture was taken just following the big Pont-a-Mousson drive on the Metz road, on the morning of Nov. 10, just before the armistice was signed. His outfit, the 35th Infantry of the 92nd Division, advanced six miles on its way to Metz. He says in part: "We stayed out there for two days and nights without anything to eat. No other division ever stayed up there over one hour but us and we stayed until the war was over." The picture shows the lad with full equipment, steel helmet, gas mask, bayonet and rifle.

Mrs. A. C. Garwood, who has been ill of typhoid fever, is getting along fine. Her temperature is back to normal, and she is now able to sit up a part of the day.

XENIA BUSINESS MEN'S ASSOCIATION NOMINATES OFFICERS

Officers of the Xenia Business Men's Association were nominated for the coming year at the regular meeting of the club held Thursday evening. Under the rules of the club five men were nominated for each office. At the February meeting the club officers will be elected from this list of nominees. The men nominated are as follows: President—C. S. Frazer, F. L. Smith, C. F. Ridenour, H. S. LeSourd, F. L. Spahr. Vice President—F. L. Spahr, Thorb Charters, Lawrence Wagner, H. S. LeSourd, C. F. Ridenour. Secretary—C. F. Ridenour, F. L. Spahr, J. E. Sutton, Alex Finley, D. W. Cherry. Treasurer—C. S. Frazer, John Nisbet, R. W. Erwin, J. E. Sutton, C. A. Weaver. Member Board of Managers—H. S. LeSourd, C. F. Ridenour, G. A. Willett, J. A. Chew, H. L. Sayre.

Following the election of officers unanimous action was taken directing the secretary to send telegrams to the county's representatives in congress urging them to use their influence to have the telegraph and telephone lines returned to their owners at once.

Mr. Grossman, route agent of the American Express Company, was present at the meeting and gave a very interesting and instructive talk on the subject of "Proper marking and wrapping of express shipments." Mr. Grossman stated that a country wide campaign has been inaugurated by the company to cut down the appalling loss that is sustained by the Express Company because of damaged goods. He stated that the company loses one million and a half dollars annually because of damaged goods. This loss is caused largely by improper marking and improper wrapping of shipments, he stated. He urged that shippers wrap their packages carefully and asked that two addresses be placed on the outside of each shipment together with the name of the shipper and that the address also be placed inside the package.

Such a process of education of the public is sure to bring results and if the campaign is carried out the Express Company undoubtedly will be able to save millions of dollars. It is to be hoped that everyone will heed this reasonable plea of the company.

JUNIOR HI PAGEANT IS CLEVER AFFAIR

The Thursday evening performance at the McKinley auditorium, was one of the prettiest, cleverest and most pleasing school entertainments ever staged in the city. The pageant, "America, Yesterday and Today," staged by the Junior High School under the direction of the English Department, was cleverly conceived and brilliantly executed.

The pageant consists of three episodes, viz.: the Spirit of the Indian Days, the Spirit of the Wilderness, and the Spirit of Patriotism. The coloring, dancing and snappy movement of the whole affair, makes it a program that is "different." The capacity of the auditorium was taxed at last night's performance. The program will be repeated this evening. The proceeds go to defray the cost of periodical literature in the reading room.

STATE WIDE EFFORT
BEING MADE TO WIPE
OUT WHOOPING COUGH

Dr. R. H. Grube, city health officer, will co-operate in a state wide effort to lessen the ravages of whooping cough, one of the most dreaded of children's diseases.

In accordance with the new plan of the state department of health, an absolute quarantine must be established where cases of whooping cough exist. Special cards printed for such cases are now in the hands of the local health officer, but fortunately it has not yet been necessary to use any in Xenia, not a case of the malady having developed this season.

These placards, which are to be placed on doors of homes where there are cases of whooping cough, warn all persons who have never had the malady to remain out of the house. The patient must be kept in one room, alone, with the exception of an attendant or nurse, and when it is necessary for the patient to go out to take an airing, he will wear a special arm band which will show in letters large enough to be conspicuous that he is a victim of whooping cough.

Whooping cough is not only one of the most contagious of children's diseases, but one of the most fatal, as it so weakens the patient that he is an easy prey to pneumonia or other ailments. It also frequently leaves a permanent weakness in the victim.

Quinine That Does Not Affect Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.

FLOWER OF FRANCE
FREELY OFFERED FOR
FREEDOM'S SAKE

Six millions of the youth and chivalry of France have been offered that Freedom might live. The world will ever remember this heroic sacrifice and outpouring of the blood of its youth. It is likewise not unkind of the great service to the world rendered by the French peasants who have given it a perfect remedy for stomach, liver and intestinal ailments, relieving, it is said, incalculable suffering, saving thousands of lives and preventing innumerable surgical operations. The ingredients are imported and placed on sale in this country over the name of Mayr's Wonderful Remedy by George H. Mayr, a leading Chicago chemist. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre & Hemphill, and druggists everywhere.

RHEUMATIC PAINS

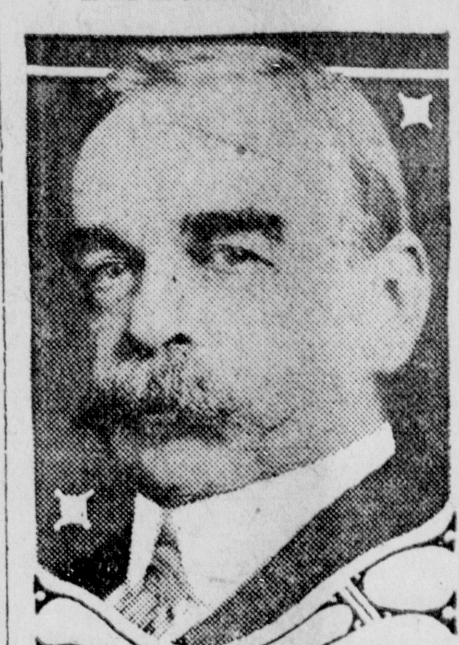

Quickly Eased By Penetrating Hamlin's Wizard Oil

A safe and harmless preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles.

You will find almost daily uses for it in cases of sudden mishaps or accidents such as sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for earache, toothache, croup and colic.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

BIDDY ON THE JOB, EGG
PRICES TUMBLE.

Out of the many reasons advanced for the wholesale drop in foodstuffs, which included a number of other commodities, within the last few days, two are mentioned which merit attention.

One is the weather. The mild weather has been felt on the farms, and the egg production at the present time is much greater than it was at this time in years past. As a result there is over-production. Of course this is no loss to the farmer, the increased product making up for the lower price. In this view of the case we should all be happy.

Working with this to produce the drop in prices, is the reluctance of consumers to increase their use of foodstuffs. During the war they were trained to cut down consumption. This training was so effective that at the present time the use of eggs is only about one-third of what it normally is.

Retail grocers, in their efforts to hold customers are in some cases said to be cutting their own throats. This is recalled to us in the case of one merchant placarding eggs at 45 cents, which rumor said he paid 48 for. Of course it made no difference to the customer as to whether he was doing this as a "flyer" to make up his loss on other things, or for other reasons, all the customer cared about was the saving of fifteen or twenty cents on the dozen eggs.

It is evident people will not buy eggs at seventy cents, further than actually necessary, but despite the absolute proof that has been afforded on this, some of the retailers will continue to cling to the higher prices while the oversupply continues. Even if there should be a spell of continued cold weather, it is not believed likely that the oversupply could be materially reduced.

A tip to housewives on the matter of bringing down food prices is contained in one woman's action in Philadelphia. The woman asked the price of butter. "Eighty cents a pound," replied the dealer without even a quiver of the eyelids.

"What's that?" exclaimed the woman. "What about this reduction in wholesale price told of by the papers?" "Well, that's true," replied the merchant, "but we bought our stock before the prices went down, and we must sell at the old prices to prevent a loss, as long as this stock lasts."

"Well, you aren't going to sell any of it to me," answered the housewife, leaving the store. "When the prices went up wholesale your's went up at the same time."

EXPLOITING THE UNIFORM.

No soldier needs to sell foolish little patriotic emblems from door to door, presuming upon the fact that he is in uniform to insure their purchase.

No soldier needs to work in his uniform as solicitor or agent, or in any capacity where his uniform, and not the value of his work or the product he is selling, is the drawing card.

Says an officer of the Red Cross: "It is simply the exploitation of the uniform for the profit of the wearer, and it belittles both the soldier and the uniform. The situations of this kind coming to our attention have not been in the class of occupation that would encourage thrift on the part of the soldier or a quick and easy return to substantial civilian pursuits."

The wearing of the uniform is a dignified and serious business. The khaki is not designed for an advertising medium, and use of it as such opens the way for fakes and impostures without limit.

SPARK BELIEVED TO
HAVE CAUSED FIRE

A spark from the chimney is believed to have caused a fire at the Frank E. Scott home on West Second street Thursday at noon, which burned a small hole in the roof.

The fire department was called at 11:45 and quickly subdued the flames. Damage was small and was confined to the roof. The department responded to another alarm at the home of Herbert Davis on South Detroit street at 9:15 Thursday night, when shingles caught fire from the flue, burning a small hole in the roof.

"THE WIFE"

BY JANE PHELPS

Mrs. Clayborne Plans to Help Ruth's
 "War Babies."

CHAPTER CLV.

That everything has compensations Brian and Ruth were fast learning. Even their own misunderstandings made them more lenient of the misunderstandings of others, and their sorrow more pitiful.

They spent happy, busy days together, waiting until the doctor gave Brian permission to take up his work again. Then when it was necessary to wait a little longer: "Only a week," the physician had urged, they took a flying trip south to see Mrs. Clayborne, who sent them a check to cover their expenses.

Ruth was delighted to go. Not alone because it was home to her, and that it would be a pleasure to see once more her girlhood friends, but because the invitation meant that Mrs. Clayborne had at last forgiven her for marrying Brian, and that she had come to believe in him. Then, too, Ruth was anxious to show her baby boy to all her friends, and to the old servants who would be so delighted with "fil marse," as they were sure to call him.

Brian grew rapidly strong and when they returned at the end of ten days he no longer carried his arm in a sling, and his face had the ruddy hue of health.

The servants had been wonderfully pleased with the baby. "Missy Ruth's boy," and they were so proud of the soldier she had brought with her, that Ruth threatened to be jealous, declaring they thought more of him than of her.

"It's the uniform, Ruth," Brian told her when she laughingly complained, yet was so pleased she could not avoid showing it. "They like the frills."

"And I love hat's inside the frills—if that is what you call a uniform." "That is the thing I never shall understand. How you ever came to love me in the first place, and why in spite of my stubbornness you have kept right on caring for me."

"There isn't any understanding love, I think, Brian; we either love or we don't. That's all there is to it. And if we really love we love in spite of faults, unhappiness, sorrow, everything and anything."

"I guess you are right, Ruth. You seem nearly always to be. You should have been the lawyer, not I. Really you could argue a man into doing almost anything. I think you better take a law course and become one of the firm."

"And I love what's inside the frills again?" Ruth teased, although she knew Brian was joking.

"God forbid," he returned so solemnly that she burst out laughing.

"Silly, silly boy. I am just as pleased to stay at home as you are to have me, now that you haven't taken my work entirely away." Ruth laughingly kissed him. Then, "How nice it is to be together again, Brian. I am sure I never shall feel like complaining again, no matter what happens."

"Neither shall I! When I think of how much we have to be grateful for, Ruth, I feel like saying: 'Thank God! We have our health, I was not permanently injured, we have our boy, and if trying will take it so, we shall be able to live comfortably. When I think of some of the poor devils who have returned minus legs and arms, some of them blind, I cannot fail to be grateful. I was willing to give—even to the supreme sacrifice, but—'

"I am so happy it was not required," Ruth broke in, her eyes misting at the thought. Brian's tone had been full of thankfulness. It seemed that all pettiness had vanished from him because of what he had gone through—because of his experiences overseas. He had seen death in many forms, and had been often so close to it himself that it had bred in him a seriousness never before observable—a sort of solemnity, when he talked of

the war, that made him seem infinitely older and wiser.

At times Ruth felt that she had a new husband, that the old Brian had left her forever. Then there had flashed out the old, careless, care-free spirit and she would recognize the boyish fellow she had married; and be glad that it was so. For while she loved the more quiet, more responsible man who had returned to her, she also loved the irrepressible boy who, if he couldn't do as he wanted to—couldn't have others agree with him, would do nothing.

A letter came from Mrs. Clayborne: "As I promised, I shall be with you the last of the month. I shall remain only a little while, for I have planned to take more war widows whose babies never have seen their fathers, down home with me. In fact as many as the old plantation will accommodate. It will give me an interest in life, aside from doing only what I selfishly love to do—being with you. So have yourself in readiness to help me find the most deserving of your proteges to take back with me."

XENIA BOY KILLS
DEER IN GERMANY
FOR XMAS DINNER

Lewis Drake, who is in the 322nd Field Artillery, is now with the army of occupation in France, according to a letter received by Mrs. Ella Nisonger, of this city.

According to the information the boys marched into Germany December 1, and crossed the Rhine December 13. He said that Sergeant Clemmer, another Xenia boy, went hunting two days before Christmas and wounded a deer which he later killed, after trailing about half a mile. The boys then had venison for Christmas dinner, a deer killed by another Yank also being contributed to the meat supply.

Private Drake says some of the boys have a room in a German home, where the man of the house had been in the army for three or four years. When the Yanks came he had the room decorated with several pictures of the kaiser, but took them down and was as glad as the Americans that the war is over. On Christmas day the American laddies fixed up a Christmas tree in their room.

According to the letter the 322nd Field Artillery, which was formerly a part of the 83rd Division, is now attached to the 32nd Division, but the address is the same. It is "Supply Co., 322nd Field Artillery, A. E. F., via N. Y."

EASY TO DARKEN.
YOUR GRAY HAIR

You can Bring Back Color and
 Lustre with Sage Tea
 and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

MOTOR AIDS

In order to get the best service from your tires, it is necessary to keep careful track of the number of miles run. Get a mileage book at any tire agency, or rule a memorandum book for the proper entries. Have a page for each tire or tube and identify it by the manufacturer's number. Have six columns as follows:

Date tire was put on and the speedometer reading at the time. Miles run. If you have no speedometer, it may be necessary to estimate the mileage by the number of hours run.

OLD-TIME COLD CURE—
DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM
STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment.

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

CATHERINE SHOUP WILL TAKE LEADING ROLE IN LOCAL PLAY

Miss Catherine Shoup, charming
and talented daughter of Mr. and
Mrs. Marcus Shoup, will have the
leading part in the new musical
comedy "Let Her Go" which will be
given by local talent at the Opera
House, on February 24 and 25.

While the selection of Miss Shoup
for the leading role, has been known
for some time, it was not officially
given out until Wednesday evening
when she rehearsed the role for the
first time. Lieutenant Harold Whit-
tington, who was but lately dis-
charged from the service, will play
the leading male role opposite Miss
Shoup, and the election to the lead-
ing roles of these popular young peo-
ple insures the success of the pro-
duction.

Miss Shoup has a charming voice
which well fits her for the lead in
the production, which requires the ren-
dition of a number of bright and
catchy song hits. Mr. Whittington
has appeared on the stage before in
clever roles and his experience will
aid him in carrying the role he will
assume in the new play.

Director Ray Lee Jackson put the
stars through their first practice at
the Opera House Wednesday even-
ing and he is well pleased with the in-
itial showing. His little two act skit,
is being much talked of, and it is
thought it will be one of the most po-
pular vehicles ever interpreted by a lo-
cal talent cast here. The plot is origi-
nal and presents many clever situa-
tions and it is crammed full of spicy
song hits and melody.

Besides the leading roles, a num-
ber of society's young people will
have parts in the production and
there is much interest being mani-
fested in the production. A tenta-
tive list of the speaking parts, in-
cludes, besides the leads, Misses
Regina Hustmyer, Amy Kump, Kath-
erine Guilday and Katherine Hollen-
camp and Mrs. Paul B. Yockey and
Harry Kiernan, Roy C. Hayward and
others.

**High School
Notes**

The Camouflage Club in a unique
manner presented "Rebecca of Sunny-
brook Farm," in three acts. The play
was dramatized by one of the mem-
bers of the club and given at the
senior-faculty party given during the
holidays and was repeated by request.
All clubs met Wednesday afternoon
and the assembly took the place of the
club meetings at 2:30. Celia Moore
introduced the characters, Rebecca,
Emma Dymond, who in the first act
arrived at the home of her aunt,
Maranda, Hazel Evans, and Aunt Jane
Sawyer, Madge Hamlin. The second
act "Rebecca at School," involved
Pauline Beal, the teacher, and her
pupils, Emma Jane Perkins, Julia
Wolf, Clara Belle Simpson, Mildred
Galloway, Samuel Simpson, Doris
Flynn, and Minnie Smellie, Katharine
Guilday, Lois Gartrell and Celia
Moore, sisters, visit the school. The
school made a hit with the student
body and received hearty applause.
The third act was "Rebecca's Home-
ward Journey." Emma Dymond in
the leading role was the center of ac-
tion and amusement through it all.

Mr. John Beacham presented a \$5
gold piece to the Juniors as champions
of the high school.

Earl Hartsock, captain of the bas-
ketball team, boasted the game at
Yellow Springs and the two games on
our home floor Friday night. The
Sophomores will play the second team
from Wilmington, and the first team
have a scheduled game with Wilming-
ton.

"Bob" Hurley, chief spokesman for
the Senior and Junior Minstrel next
Tuesday night urged that the student
body give it their hearty support.

ELMER DIXON FOUND IN NERV-
ORTH WONDERFUL RELIEF
FROM THE PAINS OF
SCIATICA.

As the sale of this famous family
tonic rises to higher levels every
day at Sayre & Hemphill's there is a
correspondent increase in the en-
dorsements which their customers
give in its behalf. Give careful read-
ing to the following. It may save
much pain and misery:

Sayre & Hemphill—Was troubled
with sciatic rheumatism for some
time. Could not get up without my
wife helping me. Was nervous and
sleepless. Back nearly killed me.
Bought a bottle of Nerv-Worth and
started to take it. Have taken not
quite one bottle and feel altogether
like a new man. I CAN FEEL EVERY
DOSE HELPING ME and I can cer-
tainly say that I have never found
anything equal to Nerv-Worth in its
wonderful results. I cannot boost it
too highly. It has done the work for
me.

ELMER DIXON.
Your dollar back at Sayre & Hemphill's, Xenia, if Nerv-Worth does not
benefit you. Talk with Demonstrator

NEW JASPER

Mrs. Raymond Spahr is very ill
with pneumonia.

Miss Iva Stethem spent the week
with Mrs. Frank McClain south of
Xenia.

Mr. Robert Chaney has been very
ill the past week.

Mrs. George Camden spent a few
days with her son, Roscoe Camden
and family of Dayton.

Rev. Robinson has been very ill with
influenza.

Wm. Jenkins and family have
moved to Alva Smith's tenant house.

Viola, daughter of Mr. and Mrs.
Harry Shaw has been very ill for
several days.

Taylor Humphrey has returned
home after spending a few days in the
southern part of the state on business.

Influenza is again in the community
but as yet no very serious cases have
developed.

MOTHER! YOUR CHILD IS CROSS, FEVERISH FROM CONSTIPATION

If tongue is coated, breath bad,
stomach sour, clean liver
and bowels.

Give "California Syrup of Figs" at
once—a teaspoonful today often saves
a sick child tomorrow.
If your little one is out-of-sorts, half-
sick, isn't resting, eating and acting
naturally—look, Mother! see if tongue
is coated. This is a sure sign that its
little stomach, liver and bowels are
clogged with waste. When cross, irri-
table, feverish, stomach sour, breath
bad or has stomach-ache, diarrhoea,
sore throat, full of cold, give a tea-
spoonful of "California Syrup of Figs,"
and in a few hours all the constipated
poison, undigested food and sour bile
gently moves out of its little bowels
without griping, and you have a well,
playful child again.

Mothers can rest easy after giving
this harmless "fruit laxative," because
it never fails to cleanse the little one's
liver and bowels and sweeten the
stomach and they dearly love its
pleasant taste. Full directions for
babies, children of all ages and for
grown ups printed on each bottle.

Beware of counterfeit fig syrup.
Ask your druggist for a bottle of "Cal-
ifornia Syrup of Figs," then see that
it is made by the "California Fig
Syrup Company."

Scan Well the "Printed Page."
The fact that we read from a print-
ed page sometimes gives a false au-
thority to the thoughts expressed. We
remember Rhinegelder's indignation,
in Kipling's story, when he discovered
that Yates had lied "in print." "Have
a vigilant eye," says Milton, "how
Bookes demean themselves as well as
men, and do sharpest justice on them
as malefactors."

THOSE SHOE BILLS!
—KEEP THEM DOWN

Mr. John Held, merchant, of Salt Lake City, keeps an exact record of the shoes he wears. He writes, "Two pairs of Neolin Soles have worn for me 19 months and I am on my feet ninety per cent of the time."

This is not an extraordinary example of the money-saving service that people get from Neolin Soles. It is typical of the experience millions are having. These soles do wear a very long time and so help you keep shoe bills down. They are scientifically made so they must wear.

Get Neolin-soled shoes at almost any good shoe store. Get them for your whole family in the styles you prefer. And have these cost-saving soles put on your worn shoes. They are very comfortable and waterproof as well as durable. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

Neolin Soles

Resinol

did wonders for me
Why not try it yourself?

There are certain times during youth when the skin is inclined to break out, become pimply, red and rough.

Such blemishes are usually noticed during the change from boyhood to manhood, from girlhood to womanhood. Great care should be taken lest this condition become chronic.

The continued use of Resinol Ointment and Resinol Soap during such times seldom fail to reduce the inflamed spots, thus rendering the affliction less conspicuous.

At all druggists.

Mrs. Nina Brown-Jones was in Cleveland several days last week visiting relatives.
Miss Bessie Durden, a student in the Commercial Department for two years, on account of illness, has returned to her home in Savannah, Ga.
Miss Bessie Mitchell, who has been in Chicago for several years is visiting her mother, Mrs. Malvina Mitchell.
Miss Jane Hunley, who has been ill at her home in Wilmington, O., has returned and taken up her work in the Domestic Science Department.
Mrs. Belle Steward, of Dayton, has been spending several weeks visiting Mrs. William Anderson, who resides in the Bishop Arnett old homestead.
Mrs. L. F. Palmer is visiting in Bellefontaine, Ohio.
Miss Hallie Q. Brown, Mrs. George F. Woodson, Mr. Carl Jenkins, Dr. T. H. Jackson and others attended the funeral of Mr. T. J. Pearson, in Jamestown, Thursday. Dr. Jackson delivered the funeral sermon.
Mr. George Maxwell, of Xenia, a presiding elder of the Cincinnati District, held quarterly meeting for Trinity Church, Sunday.
Mr. J. E. Ormes, assistant instructor in the Commercial Department for the past six years, has gone to Durham, N. C., to assist in the clerical work of the Shepherd School.
President and Mrs. W. S. Scarborough entertained the Senior Federation of Classes Monday evening, from six to nine thirty o'clock. The evening was spent in playing a variety of games, both social and educational. Music was furnished by Lieutenants Piper and Mitchell. Mr. L. F. Palmer rendered a few select vocal solos which were appreciated and enjoyed by the guests. As a fitting close to the evening, delicious light refreshments were served in an abundance. Those present besides the members of the classes were Misses Lucinda Cook, Anna H. O'Williamson, Lts. Piper, Mitchell, Jones, Dolphin and Broughton.

In a long list of names recently published of soldiers who won the French War Cross appears the names of two Wilberforce students, Second Lieutenant George L. Gaines, a clerk in Supt. Wm. A. Joiner's office, and Corporal Charles Reed, of the College Department. These two young men have been highly commended in several instances for their bravery in big battles and have not only brought honor to themselves, but to their Alma Mater. President Scarborough is planning at an early date to have all students, who have seen service abroad and those who won honors in the various training camps, to gather at the school and participate in a big

banquet given in their honor. He has already extended invitations to noted army men and it will be a historical day for the school.

Wilberforce University is the first school to be recognized in the distribution of the Reserve Officers' Training Corps among the colored colleges of the country.

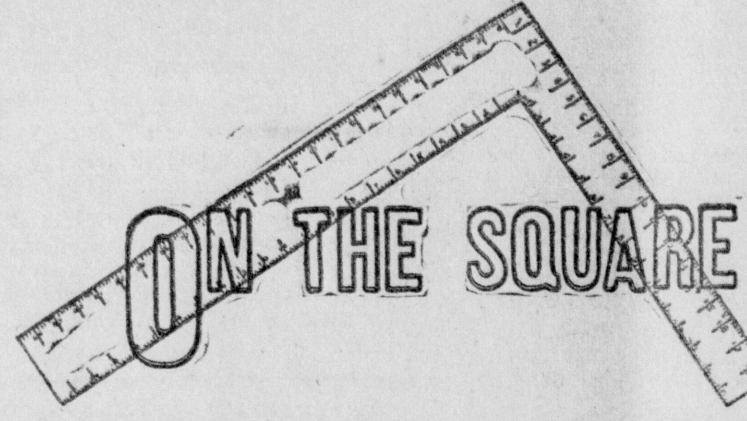

The Student Army Training Corps, which was a temporary form of military training for the schools, has been disbanded everywhere. The last of the soldiers at the school were mustered out recently and President Scarborough set about to take the matter up with the War Department in Washington for the R. O. T. C. and with the assistance of Congressman Fess, he was wired by Secretary Baker that the school would be established. Lieutenant Percival Piper, who was the commanding officer of the Student Army Training Corps at the school has been assigned as the commandant and professor of military science.

A number of the young men who were in the S. A. T. C. are expected to return and take the work. The government furnishes uniform and bedding and a teacher to conduct drills and other exercises of a military nature. The government will also furnish various equipment, as required for military instruction. After a young man has been in the R. O. T. C. for two years, if he shows fitness, the government will not only furnish uniform, bedding and equipment, but will pay him one dollar per day and give him an opportunity during the summers to engage in maneuvers on a larger scale at one of the concentration centers.

FEW STRAWS SEEN
IN NEW MILLINERY

Although most of the hats for early spring wear are of satin or some other fabric, here are two hats of novelty straw which are rather good-looking. The upper one is a rough brown straw cleverly shaped and trimmed with wings. The one below is also of brown straw. It is a urban shape with a crown of velvet leaves.

SEVENTY-FIVE ARE
PRESENT AT MEETING
OF POMONA GRANGE

There was an attendance of about 75 members at the regular meeting of Pomona Grange, which was held in the rooms of the K. of P. Lodge, Wednesday and the meeting was one of the most interesting held for some time. The day was featured as usual with a big dinner which was served to the Grangers present at noon. The program was held in the afternoon and included lectures and discussions besides the installation of the officers elected at the November meeting and the initiation of twenty new members in the county grange.

While there were thirteen officers installed at the meeting, the four leading officers of the Grange are Master, Horace Snook, Fairfield Grange; lecturer, Mrs. R. D. Sheppard, Beaver Grange; secretary, Leroy Short, Beaver Grange; treasurer, Marion Burrell, Xenia Grange.

During the afternoon the lecture program arranged was interspersed with several vocal numbers and several readings of merit. Of particular interest in this session was the discussion on the advance report of the state auditor, which has been considerably commented on since its issue. Of interest also was the report of the first two days of Farmers' week, at which between 3,000 and 4,000 farmers are in attendance at Ohio State University at Columbus by Master Horace Snook.

Among the seventy-five guests present were representatives from all the Granges in the county, and Grangers were pleased to note a considerable increase in both membership and interest in the County Grange. The next meeting will be held at Bellbrook on the last Wednesday in March.

Walker Whittington and Jack Eavey make clever end men, while Stewart Macauley is an excellent interlocutor. About forty people take part in the production.

One of the really clever and at least original features of the production will be the tableau of war posters between acts, which will be done by girls of the two classes. The posters which have helped inspire all America to contribute either life or money to the cause, will be shown in tableau prettily framed in an original setting.

The cast has been practicing together for some time. The production will be staged only one night, Tuesday, February 4.

SENIOR AND JUNIOR
BOYS ARE PLANNING
A MINSTREL SHOW

True black-face act as interpreted in the old-time minstrel circle will again shine forth at the Opera house next Tuesday evening when boys of the Senior and Junior classes of Central High school put on a self-planned and self-executed minstrel show. Cleverly arranged and including a world of bright and sparkling dialogue and black face banter and a number of lively and catchy song hits, the minstrel promises to be one of the most interesting local productions of the season, and easily one of the best things ever done by the high school. Due a great deal of credit is Robert Hurley director and manager, who has devoted his Thespian talents into the coaching end of the game and has produced a bright little minstrel as proof of his ability.

The plot of the skit is clever and original. The first part is a scene of Yankee soldiers entrenched in France when the glad news comes that the war is over. Anxious to celebrate, they arrange to give a minstrel show, which is then shown in the next part. The third part or afterpiece is called "In Dixieland," and shows the lads back home again in this country. Clever black face comedy, lively and snappy lines, and new and bright song hits feature the production. Eugene Benbow, Paul Saterfield,

DRINK HOT WATER
BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.
To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.
The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

HERE'S WARMING, SOOTHING RELIEF
FROM YOUR RHEUMATIC ACHES

For prompt relief from Rheumatism, Neuralgia, or Lumbago, you can depend on Sloan's Liniment. The warming, soothing, counter-irritant effect is the quickest way to overcome the inflammation, swelling or stiffness. A few drops go right to the sore part, draw the blood from the congested place and remove the cause of the ache. The great penetrating power of Sloan's Liniment makes rubbing needless. It is easier and cleaner to use than plasters or ointments. It does not stain the skin or clog the pores. A bottle of Sloan's Liniment is all you need for quick rest and relief from the pains of sprains, bruises, backache, stiffneck, and most forms of rheumatic twinges. EAST END NEWS

Mrs. Ida Varner of 511 East Main street has returned home from Alabama, where she spent a pleasant month with relatives and friends.

Every one is coming to Zion Sunday night to hear Sergeant R. Barnes, overseas man, direct from the trenches. Come early if you want a seat.

Mrs. Nancy Taylor departed this life at 11:30 a. m. Thursday, at her home on East Market street, this city. Mrs. Taylor recently moved here from Maysville, Ky., and made her home with her children, her husband having died some time ago. A short service will be held at the house at 1 p. m. Saturday, and the remains will be shipped to Maysville, Ky., for interment. Mrs. Taylor had only lived in Xenia a short time, but by her pleasant and jovial disposition had made for herself many friends, who along with her children will mourn their loss.

APPEAL TO EAST END
Once more the loyal citizens of the East End are called upon for a necessary contribution to assist in eliminating the horrible condition in the East affected by this war. There are 3,350,000 souls in the territory of Asia Minor, Armenia, Persia and Northern

Administrator's Sale
In pursuance of an order of the Probate Court of Greene County, Ohio, to me made and delivered, I will offer for sale at public auction, SATURDAY, FEBRUARY 13, 1915, at 10 o'clock, A. M., at the west door of the court house, in the City of Xenia, Ohio, the following described real estate:

Situated in the County of Greene, State of Ohio, and in the village of Cedarville and bounded and

WHAT ABOUT FATHER?

Obsessed with the big idea of protecting those at home, father often omits the essential protection of his most vital asset—strength.

SCOTT'S EMULSION

is as beneficial to the hard-working man of business as it is to the growing child. Scott's imparts the quality to the blood that enables the body to grip strength fast. Scott's helps solve the problem that faces every business-man—that of keeping up with the wear and tear on the body.

**ARMENIAN CAMPAIGN
DRAWING TO CLOSE**

The campaign for the relief of the starving people of Armenia, Syria and other countries in the Near East is drawing to a close. While definite reports have not yet been received from all townships it is understood that the campaign is going forward in a most satisfactory manner. Over one-third of the county's quota was raised the first day and since then encouraging, but incomplete reports have been coming in from various parts of the county.

It has been found that this campaign is making a stronger appeal to heart than any previous campaign. The appeal of the starving thousands who can be saved by the expenditure of a few dollars for each person is not falling on deaf ears in Greene county. If the solicitor has missed you do not feel that you have done your duty by having been willing to give if solicited. It is your duty to hunt up the solicitor and give him your subscription.

Remember that \$5 will actually save one person from dying of starvation.

Color of Pure Copper.

The work of a Swiss investigator suggests that absolutely pure copper may have a light gray color like that of most other metals, since it is found that copper which has been ten times distilled in vacuo has only a pale rose color, while the yellow color of gold becomes much lighter under similar treatments.

**Are You Awaiting
The Great Crisis?**

If So, Do Not Allow the Time to Pass
With Nature Unaided.

Women who give nature a helping hand during the period of expectancy find when the time arrives for baby's coming it is approached and passed with infinitely less pain and danger.

Thousands of women for over half a century have learned that in the time-honored preparation, Mother's Friend, they have a grateful, relaxing, penetrating remedy, the use of which makes it possible for them to go through childbirth without the usual nausea, nervousness, bearing-down and stretching pains, and that through its use the hours at the crisis are fewer and of much less pain and danger.

Mother's Friend penetrates the muscles, rendering them pliant and easily governed by the demands of nature. They relax gently and bring happy days and calm, restful nights. As the result the crisis is passed with greater ease and in less time, the breasts are kept in good condition and the skin is made and kept soft and free from blemishes.

Write to the Bradford Regulator Company, Dept. P, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from your druggist today and thoroughly fortify yourself for the coming event.

JAMESTOWN

Mr. Harve Sanders, Mr. John William Sanders and Mr. Wm. Hargrave are all enjoying the fine weather at Hot Springs, Ark., for a few weeks.

There will be a "Deestrick Skuld" entertainment at the Friends church Thursday evening at 7:30 p. m.

Mr. and Mrs. Albert Wickersham, of Denver, Colorado, arrived Friday evening to make an extended visit with their daughter, Mrs. N. N. Hunter, and family. Mrs. Frank Wickersham also visited with Mrs. Hunter and family from Friday until Sunday.

Mr. T. F. Wilson, of Lincoln, Neb., was the guest of his uncle, Mr. C. N. Smith, and daughter Lucy, on Monday and Tuesday. Mr. Wilson is well known here as in his youth he made his home with Mr. Smith. He has been located in the West for a number of years.

Mrs. George Cline leaves Thursday for an extended visit with her uncle, Mr. Dayton, and family, of Waverly, Ohio.

Mesdames Martha Tresslar, Maggie Skyles, Lula Johnson and Lillie Buckles, were in attendance at the Pythian Sisters Convention held at Dayton, Saturday.

The Friends church expects to begin a series of revival meetings next Sunday, Feb. 2nd. Marie Cassell, of Earlham College, will assist in the services.

Mrs. Weller left Monday afternoon for Alabama, expecting to spend some time with Rev. J. M. McKay and family, who are spending the winter in the South.

Mr. L. S. Farquhar spent Monday and Tuesday in Cincinnati on business.

Mrs. Gid Curtis and daughter, of Xenia, are guests of Mrs. Lester Webb and family.

Mrs. Ralph McClellan and son of near Xenia, spent Wednesday with Mrs. John Adams and family.

A full house greeted Miss Clarissa Harold in "Her Country Cousin" last Friday evening at the opera house. This was the second number of the lecture course and was greatly enjoyed by all present.

Mr. J. A. Johnson will reopen his fruit store Saturday, Feb. 1st, in the Curtis building, next to the post-office.

Mr. and Mrs. Dan Adsit, of Greenfield, were guests of friends here for a few days this week.

Mrs. L. L. Loyd, of Xenia, is the guest of her daughter, Mrs. Bert Long and family, for a few days.

Fire started in the roof of Mrs. Nancy Stryker's house early Wednesday morning, from a spark from the chimney. The boys from the school, with a bucket brigade, put the fire out before the fire wagons arrived. With the exception of a hole burned in the roof no damage was done.

J. A. Cargill, of Grand Rapids, Mich., will preach at the Church of Christ, Sunday, Feb. 2nd, both morning and evening. Mr. Cargill comes with the expectation of locating here.

Mrs. L. E. Weed, of Dayton, spent Saturday the guest of Mrs. L. A. Smith and family.

Mrs. John Adams spent several days last week the guest of Mr. and Mrs. Wm. Barre, of Dayton.

OHIO COLLEGE GIRL

Overworked, Nervous, Run-down—
Health Restored by Vinol.

Urbana, Ohio.—"I am attending college, and got into a nervous, run-down condition, no appetite, was weak and exhausted—Vinol has given me a good appetite and built up my strength and health, and I can heartily recommend it to anyone for such conditions."—Miss Adelaide Carter.

The reason Vinol was so successful in Miss Carter's case is because it contains the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength. Sayre & Hemphill, and druggists everywhere.

P. S.—If you have Eczema try our Saxon Salve. We guarantee it. Adv.

**MANY CASES OF
RHEUMATISM NOW**

Says We Must Keep Feet Dry,
Avoid Exposure and
Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This breaks up the uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

**TRIBUTE IS PAID TO
YOUNG MAN'S MEMORY**

Many of his boyhood friends and friends of the family gathered to pay a tribute to the memory of Charles S. Neeld when funeral services were held for him Wednesday afternoon at the home of his mother on West Main street.

The Rev. A. J. Kestle conducted the service, assisted by the Rev. M. E. Beck. Mr. Kestle gave a discourse and he read one hymn. Rev. Beck offered prayer and read selections from the Scriptures. The body was laid to rest in the family plot in Spring Valley cemetery, and the pallbearers were Ralph and Paul Neeld, brothers of the young man; Jason Neeld, J. G. and W. C. St. John and Charles March.

BABB MEANS BEST**BUCKEYE**
The Best Incubator Made

"Built up to a standard
--not down to a price"

You'll find it in the plants of the biggest breeders in the country--and you'll find it in the piano box coops of beginners just starting. Endorsed by all Agricultural Colleges and Experiment Stations.

Anybody can hatch chicks with a Buckeye. It operates automatically and can't go wrong. You get a chick from every hatchable egg.

That's why poultrymen think "Buckeye" when they say "Incubator."

Look at this Guarantee

The Buckeye incubator is guaranteed to hatch more chicks and better chickens than any other incubator, regardless of price, or we take it back.

The fame of this guarantee has traveled from sea to sea. Over half a million "Buckeyes" are in use by big and little breeders and over 2000 leading dealers sell it.

Come in and get a copy of our wonderfully convincing book, "The Verdict of the User." We'll give it free and show you the Buckeye.
